

Spring Glen Jr. High Mural

Spring Glen Jr. High would like to invite people to submit ideas for the new mural in the foyer at the school. The foyer has two very long walls on the left and right, with two short walls in front and behind. Submissions could be a written explanation of the idea or an artistic rendition. People may submit a single picture, words, sculptures or compose a whole mural. The final mural will most likely be a combination of the ideas submitted.

As we are a diverse school community we encourage submissions to consider who we are and what our school represents. To help guide you we include the following information for you to reflect upon.

- **Our Motto:**
 - Leading the Way

- **Our student population includes:**
 - Students from the communities of Hill Spring, Glenwood, and Lavern
 - First Nations students living on and off the Blood Reserve
 - Students from single home dwellings, ranches and farms surrounding the communities of Hill Spring, Glenwood and Lavern.
 - Students whose families originate from Mexico.
